

CSC 593/ OCG 404 Term Project Proposal Guidelines:

Give a short (no more than 1 page) description of your proposal plan. Clearly state the goal of the term project as a question you will answer or problem you will solve or an objective that you will achieve.

Project proposal should also answer the following questions:

1. Will the project use hardware, software or both?
2. What resources are required to complete the project and how will you obtain those resources?
3. What software tools and data analysis methods will be required to complete the project?
4. Will you complete the project with a group or on your own?
5. How will you determine if you have met the goals of the project?
6. Is safety a concern during execution of the project?
